

Greetings folks.

Just a short note from me because thankfully we have so many events to include in this bulletin. This month sees the lighter evenings return. A good time for stepping up a gear. I guess many of us will be looking to get more things done around the home and garden, well it's also a time to step up our work for the work of God. We do value your ongoing support and would encourage you to be at the many events we are hosting over the coming months. In particular we would value your support where we have visiting speakers, we invite them because we place special value on their ministries.

God Bless you all,  
Pastor Rob
